Custom Colors & Gauges Please Inquire

The Galvalume Plus coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus coating is subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, CCG recommends that pre-painted panels be used in lieu of Galvalume Plus. Shade variation in panels manufactured from Galvalume Plus coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not cause for rejection or warranty claim.

Consult www.ccg-csi.com for proper product application, design details & other product information.

Panels:

All SC175 panel pricing based on net coverage.

Add \$3.70 per sheet for lengths under 4'-0".

Panel lengths 4'-0" or less do not have factory applied mastic.

18 Panels per bundle.

CCG Standards include light striations. If non-striated is needed, please specify in writing on the order.

Please inquire for lengths over 40'-0", Please Inquire.
